

Grow Your Small Business With ENGINE

BizFundi by ENGINE Connects Your Business with Tools to Grow

The ENGINE Program (Tanzania Enabling Growth through Investment and Enterprise) supports entrepreneurs and small business in Mbeya, Morogoro, Iringa and Zanzibar by linking them to business advisors and trainers to help businesses improve operations. Examples of areas of support include business planning, cash flow management, marketing, bookkeeping, business formalization and applying for business loan.

ENGINE's **bizFundi** digital platform allows business owners to quickly and easily identify business services providers in the area

How It Works

STEP 1: SIGN UP

Sign Up on the website or by downloading the Mobile App

STEP 2: SEARCH

Find qualified service providers in your area and view their full profile.

STEP 3: CONNECT

Send messages to select providers to learn more about how they can help you take your business to the next level.

STEP 4: GROW

Use the guidance and support from qualified providers to strengthen business operations. Businesses that work with service providers to achieve credit readiness will be linked to financial institutions to apply for financing.
